

Figure 1: A line graph showing a data series with a peak. The x-axis is labeled 'Time' and the y-axis is labeled 'Value'. The data points are connected by a solid line, showing an initial rise, a peak, and a subsequent decline.

Table 1: Summary of key data points from the graph.

Time (%)	Value (%)
0	0
20	20
40	80
60	40
80	10
100	0

The graph illustrates the relationship between Time and Value. The data points are as follows:

Time (%)	Value (%)
0	0
20	20
40	80
60	40
80	10
100	0

The peak value is approximately 80% at 40% time. The data points are as follows:

Time (%)	Value (%)
0	0
20	20
40	80
60	40
80	10
100	0

The data points are as follows:

The data points are as follows:

The data points are as follows:
