Figure 1: A person in a dark uniform, possibly a soldier or police officer, standing in a dark environment.

Figure 2: A person in a dark uniform, possibly a soldier or police officer, standing in a dark environment.

1. **Introduction**

2. **Methodology**

3. **Results and Discussion**

4. **Conclusion**

Figure 1: A line graph showing data trends over time. The graph has a vertical y-axis and a horizontal x-axis. Three lines are plotted: a solid black line, a dashed grey line, and a dotted grey line. All lines show an overall upward trend with some fluctuations. The solid black line is the highest, followed by the dashed grey line, and the dotted grey line is the lowest. The lines converge towards the end of the x-axis.
