1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It highlights the importance of using reliable sources and ensuring the accuracy of the information gathered.

3. The third part of the document provides a detailed overview of the data analysis process. It describes the steps involved in identifying trends, patterns, and anomalies within the data. This section also discusses the use of statistical tools and software to facilitate the analysis.

4. The fourth part of the document focuses on the interpretation of the results. It explains how the findings from the data analysis can be used to draw meaningful conclusions and make informed decisions. This section also addresses the potential limitations and challenges associated with data analysis.

5. The fifth part of the document discusses the importance of communication in the data analysis process. It emphasizes the need to clearly and effectively present the results to stakeholders and decision-makers. This section also provides guidance on how to structure and format the final report.

6. The sixth part of the document concludes with a summary of the key points discussed throughout the document. It reiterates the importance of maintaining accurate records, using reliable data sources, and communicating the results effectively.

Department	Number of Employees
Marketing	120
Finance	80
Operations	150
Human Resources	60
IT	40

3. The following table shows the number of employees in each of the departments of a company.

Department	Number of Employees
Marketing	120
Finance	80
Operations	150
Human Resources	60
IT	40

4. The following table shows the number of employees in each of the departments of a company.

Department	Number of Employees
Marketing	120
Finance	80
Operations	150
Human Resources	60
IT	40

5. The following table shows the number of employees in each of the departments of a company.

### QUESTION 2

1. The following table shows the number of employees in each of the departments of a company.

Department	Number of Employees
Marketing	120
Finance	80
Operations	150
Human Resources	60
IT	40

2. The following table shows the number of employees in each of the departments of a company.

Department	Number of Employees
Marketing	120
Finance	80
Operations	150
Human Resources	60
IT	40
