the 1990s. The 1990s were a period of rapid growth in the number of people who were able to access the Internet. The Internet has become a major source of information for many people, and it has also become a major source of entertainment. The Internet has changed the way we live, work, and play. It has made it possible for us to connect with each other in ways that were never before possible. The Internet has also made it possible for us to access information that was once only available to a few people. The Internet has become an essential part of our lives, and it is likely to continue to play an increasingly important role in the future.
