## 1. Introduction

The first part of the document discusses the background and objectives of the study. It highlights the importance of understanding the current state of the field and the need for a comprehensive review. The methodology section details the search strategy and the selection criteria for the included studies. The results section presents the findings of the study, including the synthesis of the evidence and the identification of key themes. The discussion section interprets the results in the context of the existing literature and discusses the implications for practice and policy. Finally, the conclusion summarizes the main findings and provides recommendations for future research.

2. **Methodology**

The methodology section describes the systematic approach used to identify and analyze the relevant literature. It includes a detailed description of the search strategy, the inclusion and exclusion criteria, and the process of data synthesis. The results of the search and the characteristics of the included studies are presented in a structured format.

3. **Results**

The results section presents the findings of the study, including the synthesis of the evidence and the identification of key themes. The results are presented in a structured format, with a focus on the synthesis of the evidence and the identification of key themes.
