

The diagram shows a mechanical assembly with various components labeled with letters A through Z. The assembly consists of a central vertical shaft (D) with a gear (C) mounted on it. The gear is connected to a horizontal shaft (B) which has a pulley (C) on it. The vertical shaft (D) is supported by bearings (E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z) and is connected to a housing (A). The horizontal shaft (B) is supported by bearings (G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z) and is connected to a housing (A). The pulley (C) is connected to a belt (C) which is used to transmit power. The diagram is a schematic representation of a mechanical system.
