

Year	Value
2000	100
2001	105
2002	110
2003	115
2004	120
2005	125
2006	130
2007	135
2008	140
2009	145
2010	150
2011	155
2012	160
2013	165
2014	170
2015	175
2016	180
2017	185
2018	190
2019	195
2020	200

Figure 1: A line graph showing the trend of data from 2000 to 2020. The x-axis represents the year, and the y-axis represents the value. The data shows a steady increase over the period.

The following table provides a detailed breakdown of the data points for each year from 2000 to 2020. The values are presented in a clear, structured format for easy reference.

This bar chart highlights a specific value or category, distinguished by its red and white color scheme.

Category	Value
Category 1	100
Category 2	105
Category 3	110
Category 4	115
Category 5	120
Category 6	125
Category 7	130
Category 8	135
Category 9	140
Category 10	145
Category 11	150
Category 12	155
Category 13	160
Category 14	165
Category 15	170
Category 16	175
Category 17	180
Category 18	185
Category 19	190
Category 20	195
Category 21	200

The data presented in this table shows a consistent upward trend across all categories, with values increasing from 100 in the first category to 200 in the final category.
